Training

We work closely with businesses to understand where training can enhance skills and efficiency. Unlike many organisations we can deliver a range of accredited and non accredited staff training on or off site and work with a number of partners to give you the maximum flexibility.

Talk to our team about what we have achieved for other businesses in your market and how we can develop bespoke training courses for your exact needs.

"The key...is to develop, not a one way street of information coming from the university but a partnership between the two. Working together ...Staffordshire is a can do university. They're an easy organisation to talk to, they... make things happen."

Trevor Williams – Assistant Director – HMP Prison Dovegate
